# BARE THREAT TO LIFE OF BRAINWASHING VICTIM

According to information developed in the deprogramming of Mr. Christopher White, it is absolutely certain that if police agencies were to take possession of Mr. White by court order or otherwise that the sole real purpose of this would be either to destroy his mind with drugs or electro-shock methods or, the alternative, to kill him and attribute this to a "psychotic suicide."

Anyone must know that any move to take possession of Mr. White from his wife or those professionals assisting her in this deprogramming, whether by due process or otherwise, is nothing but an act of legalized murder by the police. The instant Mr. White were to be picked up by the police, everyone should know that the CIA and British Intelligence have issued an order to kill against this victim of British Government brainwashing.

The final phase of deprogramming Mr. White, which is proceeding successfully but slowly, has shown that he was programmed to kill his wife on contact with another brainwashing victim, Mr. William Engdahl. The complete restoration of Mr. White's sanity indicates also that the police would be given instructions to kill his wife in one way or another were he picked up in view of the corroborative evidence she possesses concerning his brainwashing.

The reason for the impending danger of the New York Police to kill Mr. White and his wife should be obvious. Mr. White's complete return to sanity will provide the last links in the chain of evidence sufficient to bring down the Heath Government of Great Britain.

Also Mr. White's full recovery would enormously strengthen the evidence we already possess of the conspiracy of the CIA to overthrow the existing government and Constitution of the United States. Immediate legal remedies are being sought through the courts by the Labor Committees.

# INJUNCTION AGAINST CIA AND NY CITY POLICE FOR INSURRECTION AGAINST US GOVT

New York, January 3, 5:45 PM — L. Marcus, chairman of the National Caucus of Labor Committees (NCLC), has just announced that his organization will seek an injunction against the Central Intelligence Agency (CIA) and the New York City Police Department from making further arrests of members of the NCLC. The cause for this injunction is that the CIA and the NYPD are in a state of direct insurrection against the U.S. Government and the United States Constitution.

These two insurgent government agencies are in the process of psychologically brainwashing extensive portions of the population with the ultimate plan being the CIA's takeover of the United States of America. This plot by the CIA has been discovered through the deprogramming of Christopher White, a leading member of the International Caucus of Labor Committees. The initial plan was the assassination of important members of the leadership of the NCLC.

The NCLC is assembling a team of lawyers to prepare our injunction for a show cause hearing.
